

Item 15 - Resolution on authorization for the Board of Directors to resolve on new issue of shares

N.B. The English text is an in-house translation of the original Swedish text. Should there be any disparities between the Swedish and the English text, the Swedish text shall prevail.

The Board of Directors proposes that the Meeting resolves to authorize the Board to, from the period until the next Annual General Meeting, on one or more occasions and with or without deviation from the shareholder's preferential rights, resolve on new issue of shares. Payment can be made in cash, issue in kind, by offset or otherwise subject to conditions. The Company's share capital may be increased by a maximum total amount corresponding to a dilution of 20 percent of the share capital at the time of the resolution of the AGM on the authorization. It shall be possible to deviate from the shareholder's preferential rights in order to strengthen the Company's financial position if necessary and to enable the acquisition of companies or businesses. In the event of a deviation from the shareholders' preferential rights, as well as in the event of payment in kind, the new issue shall be made on market terms.

The Board of Directors, the CEO or the person appointed by the Board of Directors, shall be entitled to make such minor adjustments in the resolution that may prove to be necessary in connection with registration.

A valid resolution under this proposal requires the support of shareholders representing at least two-thirds of both the votes cast and the shares represented at the Meeting.
